

isCoinBase

```
graph LR; A[isCoinBase] --> B[isNullMIBByteArray]
```

A diagram showing a relationship between two variables. On the left, a gray rectangular box contains the text 'isCoinBase'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'isNullMIBByteArray'. Both boxes have a black border.

isNullMIBByteArray
